

CASABLANCA VALLEY

The Casablanca Valley is located 40 kms from Viña del Mar, on Highway 68, which links Valparaíso with Santiago.

Because of its proximity to sea, the valley's soil receives plenty of coastal breezes, allowing a climate with an average of 14 degrees, all year long.

This favors a wide production of white wine, among them, the famous Chardonnay, Sauvignon Blanc and Gewurtztraminer.

Schedule

Tour time: 4 hours
